

Inno-Lok® Pre-Zipped Rollstock

Benefits to **INNO-LOK®**

- Allows processors using flow wrap in a form, fill, and seal operation to create packaging with a recloseable feature similar to pouches
- Most processor equipment can be readily adapted to run INNO-LOK® without large capital costs
- Processors will maintain output with no impact on scrap or set-up time
- Brands formerly using conventional pillow packs will now increase end-user satisfaction with this value added convenience

Inno-Lok® Pre-Zippered Rollstock

Ideal for use in packaging:

Cereal
Produce
Frozen Foods
Snacks
Pet Food & Treats
Lawn & Garden
Confections
Personal Care
....and many more

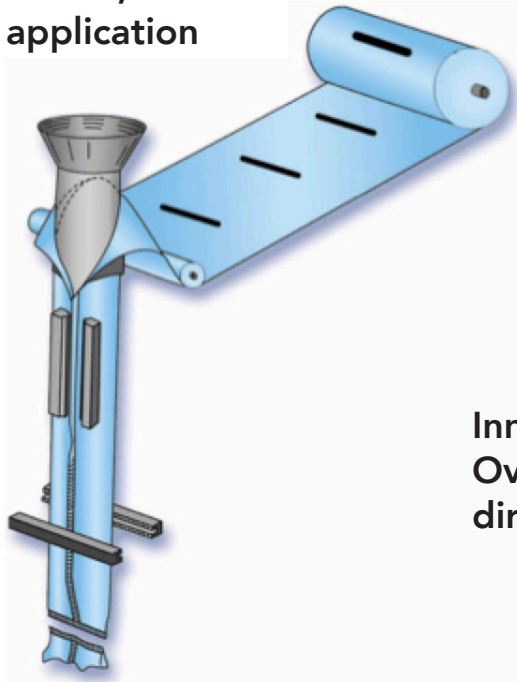

VFFS applications
